ITOBUZ TECHNOLOGY
Idea in to business

THANK YOU!
FOR PURCHASING OUR PRODUCT

WE ARE

A team of young and experienced graduates from IIT Kharagpur with over 6 years in the web domain, each of us with different strengths, together we wish to make a difference. We work in the area of web, mobile and desktop based solutions.

Here we take pride in the work we do and we work closely with our customer providing them with the best possible services. We design cool visuals; we convey information visually, with a unique combination of ease and high design.

We are driven by an insatiable hunger for excelling in all our design endeavors, which helps us to marry creativity with technology, to produce a powerful communication tool for offering to those who want to reach out to a wider audience. Our design experts create wonders when they conceptualize and lay down strategic yet aesthetic designs for various communication materials on the virtual medium. The design basket offers ideas for:

Web Graphics
Websites, portals & micro sites
Corporate multimedia presentations
Interactive communication (Games, activities etc)
Web Advertising

In order to create an effective communication tool in the form of web design, our design team use the latest site creation and management tools like DreamWeaver, Fireworks, Flash, Photoshop etc.

Other than that, we take pride in our work and provide full support to all our works.
